PACT and Contact Points

The PACT process gives you the chance to speak to your Neighbourhood Policing Team every six weeks, have a say on how your Neighbourhood is policed and monitor our performance.

During the PACT meeting you can tell your Neighbourhood Policing Team what issues concern you, ask them questions about how we are policing your area and every six weeks we will decide which policing priorities we will be concentrating on in your area for the next six weeks, based upon your concerns and questions.

The Neighbourhood Policing Team will report back to the next meeting with progress on solving your issues - sometimes working with other agencies to achieve this.

Contact Points are more informal and one to one if people don't wish to speak in an open room with other members of the public present.

We look forward to meeting you all.
